

*Pert*<sup>®</sup>  
polimero tecnologico

Leggerezza e design sposano la tecnologia.

Light weight, spectacular design, innovative technology.

Pert is a technological polymer of extraordinary quality, combining a low specific weight with high mechanical resistance. It is particularly suited to fields where light weight is essential ( e.g. in nautical, aeronautical, camping, ... ).

It is a material which enables the creation of products of high design, finely made, allowing perfectly crafted angles and a smoothly plane surface, with the possibility of choosing among a wide range of colors to suit individual demand.
